School Health Drop-in

Our school nurse, Jemma Harrison will be available to support you with any health needs around your child from 2.30pm until 4.30pm. This allows you to see a health professional without having to make an appointment. Jemma is happy to talk about any issue that may be affecting your child for example: allergies, bed wetting, puberty and diet etc.

Primary School Places 2018

Places for reception 2018 will be offered on national offer day, which is the 16th April. If you have any queries regarding this, then please contact the admissions team on school.admissions@rochdale.gov.uk or telephone 0300 303 0340.

This year we will be undertaking home visits to see all of the children as well as visits to nursery settings. This will give us the perfect opportunity to talk to parents about their child on an individual basis before they arrive at school.

And finally....

The staff at St Thomas' would like to wish you all a very happy Easter.
