A note on worship...

Counting our Blessings

This week we have focused on being thankful for what we have. Sometimes we get so lost in the negatives around us that it is hard to see the good things we have. We also discussed our own wellbeing with red buckets and green buckets. All of the negative things that happen to us go into our red buckets and in order to be able to cope with this, we need to make sure our green buckets are topped up. Our green buckets contain all those things we like to do and all of the positive things that happen to us and one way of doing this is by thinking about all the good things we have in our lives.

Reverend Janet joined us on Tuesday and retold the story of Nehemiah and the rebuilding of the walls of Jerusalem
